National Priorities Addressed

Issue Questions	Responses
If the application is for development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering "Yes" to the following question. Answering "Yes" to question 1a will result in the application being awarded the maximum amount of points that can be earned for the national priority category.	
1. a. Is the program application to support the development of a Conservation Activity Plan (CAP)? If answer is "Yes", do not answer any other national level questions. If answer is "No", proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Water Quality Degradation – Will the proposed project improve water quality by: (select all that apply)	
2. a. Implementing the practices in a Comprehensive Nutrient Management Plan (CNMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Implementing the practices in a Nutrient Management Plan (NMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Reducing impacts from sediment, nutrients, salinity, or pesticides on land adjoining a designated "impaired water body" (TMDL, 303d listed waterbody, or other State designation)?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Reducing the impacts from sediment, nutrients, salinity, or pesticides in a "non-impaired water body"?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Implementing practices that improve water quality through animal mortality and carcass management?	Yes <input type="radio"/> or No <input type="radio"/>
Water Conservation – Will the proposed project conserve water by: (select all that apply)	
3. a. Implementing irrigation practices that reduce aquifer overdraft.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Implementing irrigation practices that reduce on-farm water use?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Implementing practices in an area where the applicant participates in a geographically established or watershed-wide project?	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Implementing practices that reduce on-farm water use as a result of changing to crops with lower water consumptive use, the rotation of crops, or the modification of cultural operations?	Yes <input type="radio"/> or No <input type="radio"/>
Air Quality - Will the proposed project improve air quality by: (select all that apply)	
4. a. Meeting on-farm regulatory requirements relating to air quality or proactively avoid the need for regulatory measures?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Implementing practices that reduce on-farm emissions of particulate matter (PM2.5, PM10)?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Implementing practices that reduce on-farm generated greenhouse gases such as carbon dioxide (CO2), methane (CH4), and nitrous oxide (N2O)?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Implementing practices that increase on-farm carbon sequestration?	Yes <input type="radio"/> or No <input type="radio"/>
Soil Health:– Will the proposed project improve soil health by: (select all that apply)	
5. a. Reduce erosion to tolerable limits (Soil "T")?	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Increasing organic matter and carbon content, and improving soil tilth and structure?	Yes <input type="radio"/> or No <input type="radio"/>
Wildlife Habitat – Will the proposed project improve wildlife habitat by: (select all that apply)	
6. a. Implementing practices benefitting threatened and endangered, at-risk, candidate, or species of concern.	Yes <input type="radio"/> or No <input type="radio"/>

6. b. Implementing practices that retain wildlife and plant habitat on land exiting the Conservation Reserve Program (CRP) or other set-aside program?	Yes <input type="radio"/> or No <input type="radio"/>
6. c. Implementing practices benefitting honey bee populations or other pollinators?	Yes <input type="radio"/> or No <input type="radio"/>
6. d. Implementing land-based practices that improve habitat for aquatic wildlife?	Yes <input type="radio"/> or No <input type="radio"/>
Plant and Animal Communities: Will the proposed project improve plant and animal communities by: (select all that apply)	
7. a. Implementing practices that result in the management control of noxious or invasive plant species on non-cropland?	Yes <input type="radio"/> or No <input type="radio"/>
7. b. Implementing practice in an Integrated Pest Management Plan (IPM)?	Yes <input type="radio"/> or No <input type="radio"/>
Energy Conservation– Will the proposed project reduce energy use by: (select all that apply)	
8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

State Issues Addressed

Issue Questions	Responses
If the application is for the development of a Conservation Activity Plan (CAP), the agency will assign the significant ranking priority and conservation benefit by answering "yes" to the following question. Answering "yes" to question 1a will result in the application being awarded the maximum amount of points that can be earned for the state priority category.	
1. 1a) Is the program application for development of a Conservation Activity Plan (CAP)? If answer is "Yes", do not answer any other state level questions. If answer is, "No", proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Does the EQIP contract leverage the management of natural resources across land ownership (public-private) boundaries? Maximum points 65.	
2. EQIP project is located in an area that is adjacent to high priority projects on public land as identified in NH's LRP Proposal.	Yes <input type="radio"/> or No <input type="radio"/>
3. EQIP project is located in an area within the same 12-diget hydrologic unit as high priority projects on public land as identified in NH's LRP Proposal.	Yes <input type="radio"/> or No <input type="radio"/>
4. EQIP project is located in an area within the same 8-diget hydrologic unit as high priority projects on public land as identified in NH's LRP Proposal.	Yes <input type="radio"/> or No <input type="radio"/>
Does the EQIP project address one or more conservation priorities identified in the approved State Project Proposal for Landscape Restoration Partnership? Maximum points 65.	
5. EQIP project addresses three or more key priorities of the approved State Project Proposal for the Landscape Restoration Partnership.	Yes <input type="radio"/> or No <input type="radio"/>
6. EQIP project addresses two key priorities of the approved State Project Proposal for the Landscape Restoration Partnership.	Yes <input type="radio"/> or No <input type="radio"/>
7. EQIP project addresses one key priority of the approved State Project Proposal for the Landscape Restoration Partnership.	Yes <input type="radio"/> or No <input type="radio"/>
Does the EQIP contract address one or more high priority resource concerns:(see Protracts Requirements, section 2)? Maximum points 65.	
8. EQIP project addresses all four of the following resource concerns: degraded plant condition, insufficient water, and inadequate habitat for fish and wildlife, and water quality degradation.	Yes <input type="radio"/> or No <input type="radio"/>
9. EQIP project addresses two or three of the following resource concerns: degraded plant condition, insufficient water, and inadequate habitat for fish and wildlife, and water quality degradation.	Yes <input type="radio"/> or No <input type="radio"/>
10. EQIP project addresses one of the following resource concerns: degraded plant condition, insufficient water, and inadequate habitat for fish and wildlife, and water quality degradation.	Yes <input type="radio"/> or No <input type="radio"/>

Local Issues Addressed

Issue Questions	Responses
If the application is for the development of a Conservation Activity Plan (CAP), the agency will assign the significant ranking priority and conservation benefit by answering "yes" to the following question. Answering "yes" to question 1a will result in the application being awarded the maximum amount of points that can be earned for the state priority category.	
1. 1a) Is the program application for development of a Conservation Activity Plan (CAP)? If answer is "Yes", do not answer any other state level questions. If answer is, "No", proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Species Presence:	
1. Is there a credible verification of rare, threatened, endangered or special concern species occurrence (for example, photos, Heritage Database, USFWS, NRCS or State fish and wildlife agency documentation)? This should not be taken to imply that a site visit is required.	Yes <input type="radio"/> or No <input type="radio"/>
2. Based upon available rare, threatened, endangered or special concern species occurrences data and information, can the target species reasonably be assumed to occur within the offered area? (do not take points for this question if you answered "yes" to question 2-1 above)	Yes <input type="radio"/> or No <input type="radio"/>
Geographic Related Resource Concerns:	
1. EQIP Project is located within a mile of a water body that is used as or feeds into a public drinking water source.	Yes <input type="radio"/> or No <input type="radio"/>
2. EQIP project is located within 1/2 mile of a water body that is used as or feeds into a public drinking water source. (do not take points for this question if you answered "yes" to 3-1 above)	Yes <input type="radio"/> or No <input type="radio"/>
